International Society of Automation
Setting the Standard for Automation™

Why should you join ISA?

ISA is Your Organization

Engage with peers and a global network of subject matter experts as we share and develop best practices to advance the automation profession.

We are creating the future of automation, and we need your skills, perspective, and insight to make it happen.
Join ISA today!

JOIN ISA TODAY!

● Standards

ISA Standards help automation professionals streamline processes and improve industry safety, efficiency, and profitability. Over 150 standards reflect the expertise from over 4,000 industry experts around the world. Since 1949, ISA has been recognized as the expert source for automation and control systems consensus industry standards.

> *As an ISA member, you can access ISA standards, recommended practices, and online technical reports.*

LEARN MORE

● Education and Training

ISA serves the automation community by providing non-biased, vendor-neutral professional development opportunities that increase knowledge, technical skills, and competency. By offering lab-intensive opportunities, automation professionals can build essential skills through valuable, hands-on experience. Courses are offered in a variety of formats including self-paced, modular: online instructor-guided; virtual classroom; and regional classroom locations.

> *And as an ISA member you are eligible for 20% discount on courses.*

LEARN MORE

● Geographic Sections

ISA Sections engage in their respective communities to provide information, resources, and scholarships to advance the automation profession. By participating in your local section, you will have opportunities to access resources such as table top exhibits, subject matter experts, networking and leadership opportunities, and local employment opportunities.

> *Network with professionals in your local area through geographic sections.*

LEARN MORE

● Technical Divisions

ISA technical divisions exchange information in newsletters with timely technical articles and news, and through exclusive online communities.

> *Joining a division allows you to align with members around specific technical areas of interest and expertise across a wide-range of automation disciplines.*

- Aerospace / Test Measurement Division
- Analysis Division
- Automatic Controls and Robotics Division
- Automation Project Management and Delivery Division
- Building Automation Systems Division
- Chemical and Petroleum Division
- Construction and Design Division
- Education and Research Division
- Food and Pharmaceutical Division
- Mining and Metals Division
- Power Industry Division
- Process Measurement and Control Division
- Pulp and Paper Division
- Safety and Security Division
- Smart Manufacturing and IIoT Division
- Water and Wastewater Division

LEARN MORE

● Conferences and Events

ISA conferences, webinars, and ISA Connect Live sessions cover a variety of topics in industrial automation by providing attendees with insight into key operational and business topics through online sessions, panels with live Q&A, exhibits, as well as networking and chat opportunities.

ISA hosts topic-focused and industry-specific, face-to-face events in dozens of countries throughout the year. By becoming a member, you can hear expert speakers and panel discussions at a discounted rate.

LEARN MORE

● Publications

Written and reviewed by experts, ISA Publications help keep automation professionals fully informed about the latest technical developments, applications, trends, and standards. Technical topics include safety, cybersecurity, instrumentation, process control, wireless technology, and many others.

Through ISA publications, members have access to thousands of articles and at no charge.

LEARN MORE

● Certification

ISA certification and certificate programs offer a standards-based learning approach to critical topics within the automation industry. Certificate programs increase professional recognition and validate specific knowledge areas such as safety, cybersecurity, and project management, while certification programs provide an objective, third-party assessment and confirmation of your skills and experience.

As an ISA member, you can apply to take the Certified Control Systems Technician® (CCST®) and Certified Automation Professional® (CAP®) exams at a discount.

LEARN MORE

● ISA Connect

ISA Connect is an online community to engage in technical conversations and share best practices.

With Connect, you have the ability to network and communicate with other members around the world, contribute and subscribe to technical discussions, share and access resources in the technical library, and discover opportunities to get involved in ISA.

ISA Connect is a member exclusive technical discussion forum where you can connect with your community about the topics that matter to you.

Membership benefits at-a-glance

Member Programs

- Local sections
- Technical divisions
- Automation Career Center
- Leadership opportunities
- Member Directory
- Use of ISA member logo
- ISA Connect technical discussion forum
- Expert Directory

Standards and Publications

- Online viewing of ISA standards
- Online viewing of ISA Transactions
- *InTech* magazine
- Discount on books
- Subscriptions to Automation.com newsletters

Education and Certification

Discounts on:

- Training course registration
- CCST® and CAP® certification programs
- CAP® and CST Associate certificate programs
- Conference registration
